BASIC ROLL TOP SYSTEM

8 Great Models of Engineered ROLL TOPS

www.loadcovering.com 1-877-790-5665

i-Slide After three decades of designing specialized ROLL TOP systems for a wide variety of open deck trailers, LCS identified there is a demand for a basic rolling tarp system at an introductory price. The i-Slide3 is one of two models that reflects key features of our 1990's systems. First time users experience superior weather protection with a one piece tarp covering, lightweight fabricated aluminum frame construction and a proven 3" steel V-groove wheel rolling on a stainless steel insert set into a High Impact Guarded Aluminum Track.

High Impact Aluminum Track / 3" Steel V-Groove Wheel / Stainless Rolling Insert

Chamfered Bulkhead with 6ft Man Door sits flush on deck

One Pcs. Tarp Construction with Full Length White Skylight and Double Uplift Bows
